LIST OF CONTENTS

VOLUME 229

Page

ARAD, Z., GOLDENBERG, S. and HELLER, J., Intraspecific variation in resistance to desiccation and climatic gradients in the distribution of the bush-dwelling land snail *Trochoidea simulata* 249

ARNOLD, E. N., Historical changes in the ecology and behaviour of semaphore geckos (*Pristurus*, Gekkonidae) and their relatives 353

AUSTAD, S. N., Retarded senescence in an insular population of Virginia opossums (*Didelphis virginiana*) 695

BELS, V. L., GOOSSE, V. and KARDONG, K. V., Kinematic analysis of drinking by the lacertid lizard, *Lacerta viridis* (Squamates, Scleroglossa) 659

BENNETT, M. B., Structural modifications involved in the fore- and hind limb grip of some flying foxes (Chiroptera: Pteropodidae) 237

BOYD, I. L. and ROBERTS, J. P., Tooth growth in male Antarctic fur seals (*Arctocephalus gazella*) from South Georgia: an indicator of long-term growth history 177

BRACKENBURY, J. and HUNT, H., Jumping in springtails: mechanism and dynamics .. 217

BRADLEY, A. J. and STODDART, D. M., The dorsal paracloacal gland and its relationship with seasonal changes in cutaneous scent gland morphology and plasma androgen in the marsupial sugar glider (*Petaurus breviceps*; Marsupialia: Petauridae) 331

BRANCH, L. C., Social organization and mating system of the plains viscacha (*Lagostomus maximus*) 473

BUTLER, P. M., NEVO, E., BEILES, A. and SIMSON, S., Variations of molar morphology in the *Spalax ehrenbergi* superspecies: adaptive and phylogenetic significance 191

CALDOW, R. W. G. and FURNESS, R. W., A histochemical comparison of fibre types in the M. pectoralis and M. supracoracoideus of the great skua *Catharacta skua* and the herring gull *Larus argentatus* with reference to kleptoparasitic capabilities 91

CHAPMAN, N. G., CLAYDON, K., CLAYDON, M., FORDE, P. G. and HARRIS, S., Sympatric populations of muntjac (*Muntiacus reevesi*) and roe deer (*Capreolus capreolus*): a comparative analysis of their ranging behaviour, social organization and activity 623

CLEVENGER, A. P., Spring and summer food habits and habitat use of the European pine marten (*Martes martes*) on the island of Minorca, Spain 153

DANGERFIELD, J. M. and MILNER, A. E., Ingestion and assimilation of leaf litter in some tropical millipedes 683

DENTON, J. S. and BEEBEE, T. J. C., Density-related features of natterjack toad (*Bufo calamita*) populations in Britain 105

DILLY, P. N., *Cephalodiscus graptolitoides* sp. nov. a probable extant graptolite 69

EDWARDS, G. B. and JACKSON, R. R., Use of prey-specific predatory behaviour by North American jumping spiders (Araneae, Salticidae) of the genus *Phiddippus* 709

ELLISON, G. T. H., BRONNER, G. N. and TAYLOR, P. J., Is the annual cycle in body weight of pouched mice (*Saccostomus campestris*) the result of seasonal changes in adult size or population structure? 545

FRANGIONI, G. and BORGIOLI, G., Splenic respiratory compensation and blood volume in the newt 505

GARLAND, T., JR and JANIS, C. M., Does metatarsal/femur ratio predict maximal running speed in cursorial mammals? 133
GIBB, J. A., Sociality, time and space in a sparse population of rabbits (*Oryctolagus cuniculus*) 581
GORMAN, M. L. and ZUBAID A., A comparative study of the ecology of woodmice *Apodemus sylvaticus* in two contrasting habitats: deciduous woodland and maritime sand-dunes 385
GRIFFITHS, O., COOK, A. and WELLS, S. M., The diet of the introduced carnivorous snail *Euglandina rosea* in Mauritius and its implications for threatened island gastropod faunas 79
HABIBI, K., THOULESS, C. R. and LINDSAY, N., Comparative behaviour of sand and mountain gazelles 41
JACKSON, R. R., JAKOB, E. M., WILLEY, M. B. and CAMPBELL, G. E., Anti-predator defences of a web-building spider, *Holocnemus pluchei* (Araneae, Pholcidae) 347
JACKSON, R. R., ROWE, R. J. and STIMSON WILCOX, R., Anti-predator defences of *Argiope appensa* (Araneae, Araneidae), a tropical orb-weaving spider 121
KEARN, G. C., A new species of the genus *Enoplocotyle* (Platyhelminthes: Monogenea) parasitic on the skin of the moray eel *Gymnothorax kidako* in Japan, with observations on hatching and the oncomiracidium 533
KOHDA, M. and HORI, M., Dichromatism in relation to the trophic biology of predatory cichlid fishes in Lake Tanganyika, East Africa 447
KUCHLING, G. and BRADSHAW, S. D., Ovarian cycle and egg production of the western swamp tortoise *Pseudemydura umbrina* (Testudines: Chelidae) in the wild and in captivity 405
LINDEQUE, M. and VAN JAARSVELD, A. S., Post-natal growth of elephants *Loxodonta africana* in Etosha National Park, Namibia 319
LUNN, N. J. and BOYD, I. L., Effects of maternal age and condition on parturition and the perinatal period of Antarctic fur seals 55
MADDOCK, A. H. and PERRIN, M. R., Spatial and temporal ecology of an assemblage of viverrids in Natal, South Africa 277
MAISELS, F. G., Seasonal variation in grouping patterns of the forest-dwelling Cyprus mouflon *Ovis orientalis* 527
MALHOTRA, A. and THORPE, R. S., An experimental field study of a eurytopic anole, *Anolis oculatus* 163
MORTON, B., How the 'forceps' of *Lithophaga aristata* Bivalvia: Mytiloidea) are formed 609
NEWTON, S. F., Body condition of a small passerine bird: ultrasonic assessment and significance in overwinter survival 561
PIENAAR, D. J., BOTHMA, J. DU P. and THERON, G. K., White rhinoceros range size in the south-western Kruger National Park 641
POND, C. M., MATTACKS, C. A., COLBY, R. H. and TYLER, N. J. C., The anatomy, chemical composition and maximum glycolytic capacity of adipose tissue in wild Svalbard reindeer (*Rangifer tarandus platyrhynchus*) in winter 17
PUTMAN, R. J., CULPIN, S. and THIRGOOD, S. J., Dietary differences between male and female fallow deer in sympatry and in allopatry 267
ROWE, R. J., Agonistic behaviour in full-grown larvae of the damselfly *Diphlebia euphoeoides* (Odonata: Amphipterygidae) 1

RUSHTON-MELLOR, S. K. and WHITFIELD, P. J., Transmission and scanning electron microscopic studies of crustacean shell disease in fish lice of the genus *Argulus* (Crustacea: Branchiura) 397
SCHWENDINGER, P. J., Transpiration from orthognathous spiders of Thailand and Burma 171
SCHWENK, K., Are geckos olfactory specialists? 289
SIMSON, S., LAVIE, B. and NEVO, E., Penial differentiation in speciation of subterranean mole rats *Spalax ehrenbergi* in Israel 493
SOLOUNIAS, N. and HAYEK, L.-A. C., New methods of tooth microwear analysis and application to dietary determination of two extinct antelopes 421
TRITES, A. W., Biased estimates of fur seal pup mass: origins and implications 515
WEBER, J.-M. and AUBRY, S., Predation by foxes, *Vulpes vulpes*, on the fossorial form of the water vole, *Arvicola terrestris scherman*, in western Switzerland 553
WIRMINGHAUS, J. O. and PERRIN, M. R., Seasonal changes in density, demography and body composition of small mammals in a southern temperate forest 303
WOODALL, P. F. and SKINNER, J. D., Dimensions of the intestine, diet and faecal water loss in some African antelope 457
WOOLLER, R. D., RICHARDSON, K. C. and COLLINS, B. G., The relationship between nectar supply and the rate of capture of a nectar-dependent small marsupial *Tarsipes rostratus* 651
